"The important thing is not to stop questioning. Curiosity has its own reason for existence. One cannot help but be in awe when he contemplates the mysteries of eternity, of life, of the marvellous structure of reality. It is enough if one tries merely to comprehend a little of this mystery each day."

- Albert Einstein

WELCOME

Dear Parents,

Welcome to the Bachpan and Achievers Public school. The school is attractive and provides a stimulating work environment which is very spacious with good sized classroom, pleasant grounds with garden areas and large play grounds.

We provide a safe, caring and happy community in which children can learn. The curriculum is rich, varied and enjoyable and is matched to the needs of each individual to ensure that all children make good progress and achieve skill to know life long learning.

The school provides a range of extra-curricular activities for all children. We believe that working in education right from the gross root offers plenty of oppurtunities just outside the typical class rooms

We hope that you find the prospectus informative. Please visit our school website to out further information about our school.

We look forward to welcoming you at the Achievers Public School

FROM PRINCIPAL DESK

"The world is changing at a rapid speed. To keep up, we as a society need to grasp and adapt to the dynamic environment of various sectors in our country. Many of the challenges might be oblivious to us, many professions have still not been discovered, this signifies the information age of the 21st century. The transition from the industrial age to the information age will create various challenges in the area of education and learning"

When Mr Jawaharlal Nehru addressed the nation as the first prime minister, no one expected that in a short span of 70 years, India would become one of the fastest growing economies in the world and would become a support system for the other countries as well.

With each new calendar year that approaches, we at Bachpan take pride in knowing that we follow the wise words of our leaders and keep educating the younger generation of our society to their highest potential. We know that for an

institution to run smoothly and attain the highest benefaction, we need the support of each and every individual involved in the project, we thrive because of the support we receive from our parents consistently, and that makes us more committed to perfecting craft of educating.

As for the students of Bachpan, we have just one message to give, All our students should dream big and we will work hard with you in reaching those dreams. May them be in the areas of sports, academics or in culture, we will make sure you create a strong foundation to establish yourself in the right path.

To conclude, I would like to reiterate my belief with this quote by Henry Ford: If everyone is moving forward together, then success takes care of itself. So let's all join hands to take off on this journey to higher orbits of excellence.
